

ENDORSEMENT

C-U IMMIGRATION FORUM

Promote Roadway Safety Driving Licenses & Insurance for All

Approximately 250,000 Illinois immigrant drivers cannot get a license because they are ineligible to get Social Security numbers. These uninsured drivers are involved in an estimated 76,000 accidents each year, costing \$630 million in damage claims.

I, _____ (Print name),

_____ (Print title), of

_____ (Print organization, municipality or other institution)

endorse Driver's Licenses for all motorists in Illinois. Requiring all Illinois motorists to get driving licenses and purchase insurance will improve roadway safety. These drivers will get tested on their driving skills and on the rules of the road, and will be compelled to purchase insurance.

Sincerely,
